TO OUR PATRONS

This is strictly a WHOLESALE list, and intended only for those engaged in buying and selling nursery products. We will appreciate being notified in case it gets in the hands of anyone not entitled to it. Prices are based upon present market conditions and are subject to change at any time.

RATES

Rates for quantity are as follows. The schedules apply for each variety and grade.

Deciduous Stock (put up in bundles of 10):

1 to 4	at 10 rate plus 20%
5 to 9	at 10 rate plus 10%
10 to 40	at 10 rate
50 or more	at 100 rate

Evergreens and other B&B items:

1 to 4	at 10 rate plus 10%
5 to 24	at 10 rate
25 or more	at 100 rate

TERMS

60 days net on all nursery stock. Nursery supplies 30 days net. Interest at 6% will be charged on over-due accounts.

GRADE STANDARDS

Per the American Association of Nurserymen.

PACKING GUARANTEE

All boxing and baling charged at cost.

We are ready at any time to replace free of charge nursery stock that is proven to be untrue to name, or to refund the original amount paid, but we shall in no case be liable for any sum greater than the original purchase price.

CLAIMS OR COMPLAINTS

We very much appreciate having reports on shipments as soon as they are received. If stock is unsatisfactory, kindly advise us at once, and we will do all in our power to make any necessary adjustment. Unless otherwise specified, our sales are made F.O.B. Portland, and although we use all possible precaution in making shipments, our responsibility ceases upon delivery in good order to the carrier company.

FILLING OF ORDERS

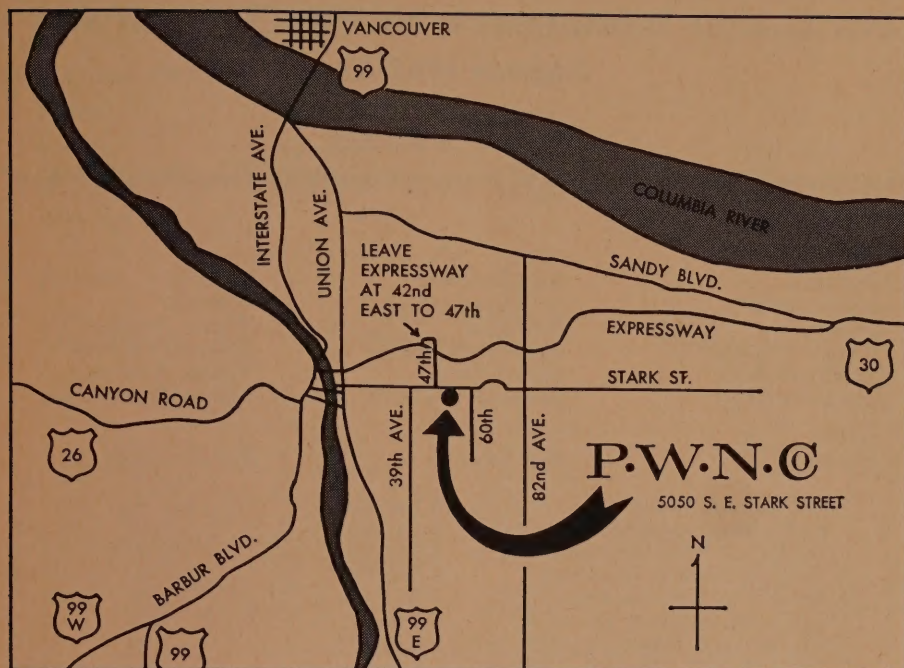

Our central location and the fact that we receive stock from a number of local nurseries enables us to fill orders quite promptly.

OF SPECIAL INTEREST TO YOU

Visit the Salesyard

Wholesale only. A wide selection of carefully grown stock available for immediate pickup anytime Monday thru Saturday, 8:00 a.m. to 5:00 p.m. Centrally located in Portland at 5050 SE Stark, allowing easy access from all directions.

Supplies

Specializing in items the nurseryman uses himself, you will find quality lines at reasonable prices. The supply section starts on page 65.

Advance Orders

It is to our customers' advantage to order in advance whenever possible so stock can be held for pickup or shipment at the appropriate time.

Check This!

Every year, as we publish our new catalog, an attempt is made to include new material produced in the area. This year an increased supply coupled with a broader selection of varieties allows you a more interesting choice than ever before. We invite you to check the catalog carefully to take advantage of this situation.

IMPERIAL LOCUST

(Plant Patent No. 1605)

A graceful spreading variety with symmetrically arranged branches forming a regular and compact tree. Foliage is dainty and refined, and leaflets are more closely spaced than the average Honeylocust forming a more dense cover. This tree grows straight without staking.

SKYLINE LOCUST

(Plant Patent No. 1619)

An unusual variety with distinctly pyramidal form. Branches are uniformly spaced, resulting in a well filled tree on a sturdy trunk which need not be staked or specially trimmed. Foliage is dark green and leaflets are larger and more closely spaced than the average Honeylocust.

RHODODENDRONS

Letters and numbers preceding variety names indicate relative hardiness.

H-1—Varieties hardy to —25° F. These varieties should be hardy in southern New York and southern New England.

H-2—Hardy to —15° F. H-3—Hardy to —5° F. These varieties should be fairly hardy in the southern part of Long Island, Cincinnati, Washington, around Philadelphia and St. Louis.

H-4—Hardy to +5° F. H-5—Hardy to +15° F. These varieties should be hardy during most winters in the Portland and Seattle areas. We consider all the Rhododendrons listed hardy in California with the exception of the northern inland portion of the State.

All ratings are subject to revision as more complete information is available.

PORTLAND ROSES

The roses we offer are all grown near Portland in good, sandy, loam soil, without irrigation, thus securing a particularly fine root system and firm, well-ripened wood. The stock is usually ready for shipment by December 1. A favorable growing season seems to indicate excellent quality for this year. (*) and (**) indicates intensity of fragrance.
